May 17-23, 2020

Join MCC on a learning tour to the borderlands between Mexico and the U.S. This tour is designed to bring awareness about the increasing migrant deaths, militarization, environment degradation, effects on habitat and effects on sister communities by the border wall.

Participants will increase their understanding and knowledge of the social, economic, political and theological significance of migration in border communities, including advocacy tools and capacity building to engage others on borderlands and migration issues.

The cost of the learning tour is \$550, which includes all meals, modest lodging and transportation on sites. There is an option to join the Migrant Trail walk following the learning tour.

More information, including tentative schedule and registration available at mcc.org/gl-borderlands-2020.
