

## WHY?

The purpose of having alumni gatherings is to promote ongoing connection to MCC and others on a broader level. These gatherings are created to foster continued support of what is currently taking place within MCC while being able to connect with others.

Our goal as we approach alumni gatherings is to focus on these three factors:

- **Inspiration** for the continued work of MCC while also being inspired by others
- **Information** on how MCC is relating to your community and the world. Information about how our alumni have continued to make an impact beyond their time with MCC
- **Interaction** with others

## WHAT MCC WILL PROVIDE

- Reimbursement for costs related to the event up to \$250
- An update from MCC about current work happening in the country where you served or the organization as a whole. This could be done with an in-person speaker, by hearing directly from Country Reps/ service workers in the country you served via video-conferencing, or a written report.
- MCC will share your event with local alums

## HOST RESPONSIBILITIES

- Creating and sending out the invitation for the gathering
- Logistical details about who/what/when/why and where the gathering will happen

## IDEAS THAT HAVE WORKED WELL FOR OTHERS

- Potluck at a local park, church or your home
- Backyard BBQ at your home or local church
- Get-together on a Saturday at a local coffee shop
- A weekend away camping together with your families
