## Donating *relief kits*

### Providing valuable supplies and sharing God’s love

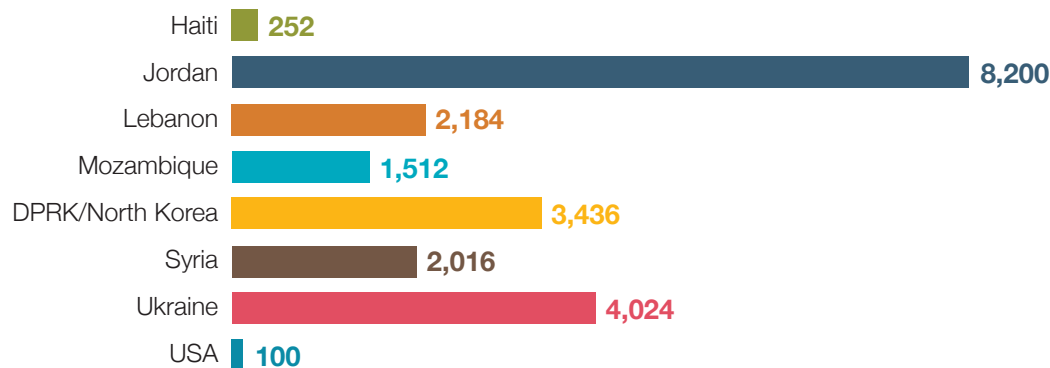

**THANK YOU** for your gift of relief kits to families whose lives have been disrupted by conflict or disaster. People who receive relief kits understand they are not forgotten.

A young woman (name withheld for security) in Tyre, Lebanon, who received an MCC blanket and relief kit from local partner Popular Aid for Relief and Development. She lives with her mother in a low-income neighbourhood where most residents are Palestinian and Syrian refugees. She has lived in Lebanon for eight years and is still unable to find work. With limited employment options and a financial crisis in Lebanon, items such as blankets and kits make a big difference. (MCC photo/Evangeline Hammond)
